

VIP Wolf Experience Visit

<http://www.anglianwolf.com>

EXCLUSIVE 1:1 EVENT TAILORED JUST FOR YOU!

Complimentary Wolf Information Pack and signed Certificate of achievement

This is your unique opportunity to get **up close and personal with Wolves**. Your very special Day begins with a welcome from an experienced member of staff. You will then head over to our wolves and greet them through the fence.

They may show some initial caution, because by nature they are keen to protect their brood, especially Cheza our Alpha male. However, they will soon settle as they are fully socialized and really enjoy human company.

You will get to feed them, understanding where the expression "To Wolf it down" comes from. You will encourage them to Howl, a truly breathtaking and magical experience. Ask as many questions as you like from your personal guide.

Don't forget, this is just for you, with the wolves and staff.

- *Meet and Greet the Wolves through the fence.*
- *Feed the Wolves. Wolf Howling session.*

Photo opportunities: (take as many as you wish)

Opportunity to help clean the pens whilst the wolves are in in holding area.

Talks on wolf behaviour and conservation.

This is of course optional.
