

The Anglian Wolf Society

Adopt-a-wolf.

For just £39 per year, you can adopt one of our wolves

When you adopt a wolf you will receive:

- an A4 colour photograph of your chosen wolf
- adoption certificate
- a brief history and character synopsis of the animal
- discount on visits to us

Cheza Carpathian wolf. Male. Born April 29 2001. Approx weight 100lb. Deeply affectionate with friends. "Territorial" with others. Bold and inquisitive. Currently alpha male.

Peyto Carpathian wolf. Male. Born April 29 2001. Approx weight 95lb. More aloof and less sociable than Cheza, Peyto's usual alert and predatory demeanour is perhaps more classically wolfy.

Aiyaana North American x European wolf. Female. Born April 22 2006. Cheza's daughter. Independent, predatory, a little shy and reserved. Eats a lot.

Kaya North American x European wolf. Female. Born April 22 2006. Cheza's daughter. Playful and confident. Attention seeker.

An adoption pack can make an ideal birthday or Christmas present for an animal lover. The online store and the pay-by-cheque application form both allow you to buy an adoption for someone else.

- *Please note that we cannot guarantee that it will be possible for you to get hands-on with the wolf you have adopted when you visit us.*
- *We regret that children under seven years old are not permitted to visit our site or attend our activities. Children between 7 and 14 years of age may visit our site but may not interact with our wolves.*
