

I just wanted to say thank you again. Today for me was a spiritual experience, believe it or not that was me quiet! On the way home P. kept asking me if i was ok as she has never see(n) me like that. Wolves always have that effect on me and when Cheza howled, I started to cry as it felt like he was calling to my spirit; thats how it affected me. Its a day i will never forget. So from the bottom of my soul thank you to you and your husband and the pack for a very special day.
